

# WHO WE ARE

Your resource for fast & flexible training solutions

VisionPoint® develops and delivers fast and flexible training solutions that truly make a difference. Our goal is to help organizations like yours build and retain a high-performing workforce that consistently delivers exceptional results. We're masters at using rich media to engage, inform and change behavior. Real world. Real results. Real fast. That's what you get from VisionPoint®.

Assessing and identifying gaps in knowledge, skills and behaviors is your job. Filling those gaps is ours!

Working together with your compliance, training and diversity managers, we develop and deploy training solutions that are in complete alignment with your organizational values, culture, business objectives, timeframe and budget.

To maximize your training investment, we focus on meeting your immediate training priorities while at the same time anticipating tomorrow's challenges. Drawing from a portfolio of ready available programs, courseware and delivery options, our customized training solutions help to:

- Meet mandatory training requirements
- Address specific employment issues
- Orient and jump-start skills for new employees
- Create an inclusive work environment
- Prepare the organization for a new change
- Increase productivity and compliance
- Provide a path to develop high-performing employees and leaders

If you're looking for high-impact training solutions that are laser focused, on time and within budget, contact us today to discuss how we can help turn your vision into reality.

Now, more than ever, a high-performing workforce is essential to every organization's survival and long-term success. Our solutions are:

- Tailored to your specific needs
- Designed to deliver maximum impact with minimal time
- Deployed rapidly how you need it—from facilitated classroom to global elearning

## Time-tested Content

VisionPoint® has years of experience in creating and distilling content for training. Integrity & Compliance, Inclusion & Respect and Personal Effectiveness are key areas where our proven content has helped organizations improve and thrive. And our high-performing workforce model provides a logical and direct path for Leadership Development.

## Design

Our instructional design capabilities encompass everything from course outlines, elearning storyboards and effective use of visual media to appropriate testing, developing case studies and creation of self-guided and workshop materials. We design for all training platforms and help aim your message to fulfill your learning goals by taking into account your audience, your facilitators' needs, your ultimate objectives and any specific requirements.
